

Memorandum of Understanding

among

the incorporated jurisdictions of Arlington County, City of Alexandria, Town of Dumfries, Fairfax County, Town of Leesburg, Loudoun County, Town of Occoquan, and Prince William County;

the agencies and organizations that plan, manage and promote the Potomac Heritage National Scenic Trail network in Northern Virginia; and

the Potomac Heritage National Scenic Trail Office, National Park Service, U.S. Department of the Interior.

This Memorandum is entered into by and among representatives of the jurisdictions in Northern Virginia within which the Potomac Heritage National Scenic Trail (the Trail) has been authorized; by the respective agencies and organizations that plan for, manage and promote the experience of the Trail network in Northern Virginia; and the Potomac Heritage National Scenic Trail Office, National Park Service, U.S. Department of the Interior, the purpose of which is to recognize the Trail network in Northern Virginia and to realize fully the benefits associated with such recognition, including increased opportunities for outdoor recreation, for non-motorized transportation, for education, health and heritage tourism, and contributions to a vibrant regional economy.

ARTICLE I -BACKGROUND AND OBJECTIVE

The National Trail System (NTS) was established through enactment of the National Trail System Act of 1968 (82 Stat. 919, Public Law 90-543) (the Act). The legislation also authorized "feasibility studies" for additional components of the National Trails System, including the Potomac Heritage Trail; such a study was completed in 1974 by the Bureau of Outdoor Recreation. A 1983 amendment to the Act (77 Stat. 43, Public Law 90-543) designated the Potomac Heritage National Scenic Trail ("the Trail") as a component of the National Trails System, recognized a corridor for the Trail, and assigned administration of the federal interest in the Trail to the Secretary of the Interior, which role is delegated to the National Park Service (NPS).

Today, the evolving Trail network is an enterprise of many partners, including government agencies at all levels, non-profit organizations, volunteers and commercial interests. The growing network provides opportunities for outdoor recreation, education and exploration between the mouth of the Potomac River and the Allegheny Highlands. Partnerships are at the heart of the Trail concept, creating a locally

managed, non-motorized trail network for outdoor recreation, education, transportation, health and heritage tourism.

The objectives of this agreement are to recognize and promote the segments of the Potomac Heritage National Scenic Trail in Northern Virginia; to authorize use of the official Trail logo; and to foster coordination among the various agencies and organizations that plan for, acquire, develop and manage Trail segments and that promote the experience of the Trail network (see Attachment A: "Map of the Potomac Heritage National Scenic Trail network in Northern Virginia," Northern Virginia Regional Commission, 10/2019). Segments of the Trail network in Northern Virginia are recognized in comprehensive and/or other planning documents, contributing to the concept of a continuous trail network for non-motorized travel and exploration between the confluence of the Shenandoah and Potomac rivers in northern Loudoun County and Locust Shade Park in southern Prince William County. The Trail network as a whole provides exceptional and varying opportunities for hiking, bicycling, horseback riding and boating; for access to the Potomac River and its tributaries, other natural and historic landscapes; for transportation; for education; and for promoting health and heritage tourism.

ARTICLE II - AUTHORITY

Section 5.(a)(1) of the National Trails System Act of 1968, as amended in 1983 and codified at 16 U.S.C. § 1244 (a) (11), designating a general alignment for the Potomac Heritage National Scenic Trail; Section 7.(e) of the same Act, codified at 16 U.S.C. 1246, authorizing the Secretary of the Interior to "enter into such agreements with landowners, States, local governments, private organizations, and individuals for the use of lands for trail purposes ...".

ARTICLE III - STATEMENT OF WORK

- A. The NPS authorizes Trail segment managers to use the Trail logo and will:
1. recognize segments of the Potomac Heritage National Scenic Trail (the Trail) on the NPS "unigrid" brochure for the Trail;
 2. provide opportunities for coordination between staff of the signatory agencies to this Memorandum and other Trail stakeholders;
 3. provide Trail markers and digital files of the Trail logo in various formats to staff of agencies and organizations that manage segments of the corridor;
 4. provide language, communication, and publicity toolkit and guidelines for staff of agencies that manage corridor segments;
 5. recognize the status of the Trail in non-NPS reports; and
 6. execute, in support of specific projects when deemed to be of mutual advantage, cooperative agreements and sub-agreements between NPS and agencies and organizations for management of segments of the Trail.
- B. **Managers of Trail segments in Northern Virginia will:**
1. plan, acquire lands and easements for, develop and maintain and/or seek designation of segments of the Trail within respective jurisdictions;
 2. share information on amenities and maintenance needs;
 3. mark Trail segments with the Trail marker at major trailheads and changes in direction;

4. recognize and promote Trail segments in publications, on social media, on web sites, through development and installation of way-finding and interpretive exhibits, and through other media as determined through mutual agreement; and
5. Where possible link back to official National Park Service website for the trail, www.nps.gov/POHE.

C. All will:

1. maintain a point of contact for Trail-related business;
2. update and share annually the status of the Trail network in Northern Virginia among partners;
3. report on visitation, volunteerism, and challenges and needs for completed segments;
4. share geographic information system data when deemed to be of mutual interest;
5. seek opportunities to conserve Trail-related resources and to promote, to residents and visitors, experiences associated with the Trail network; and
6. seek opportunities to work together across boundaries and jurisdictions.

ARTICLE IV -EXPENDITURE OF FUNDS

Any activities agreed to by any party to this agreement are subject to available funding requirements, and nothing in this agreement shall be construed to obligate any party to expend any funds in excess of appropriations authorized by law.

ARTICLE V - TERM OF MEMORANDUM

This Memorandum will be effective for a period of five years from the date of final signature. Earlier termination by one of the parties pursuant to Article VIII below shall not invalidate the agreement for the other parties.
