

# UPCOMING PUBLIC MEETING

## The Northern Virginia Regional Commission Seeks Feedback on Potomac Heritage National Scenic Trail (PHNST) Feasibility Study in Loudoun County, VA

NVRC, in partnership with the National Park Service (NPS) and Loudoun County, is seeking public input on the most feasible route options for completing the network gap in the PHNST in the county. The project will identify, assess, and present the feasibility of potential routes in the PHNST corridor westward from the Town of Leesburg.

Feedback during this public meeting will help the consulting firm and project managers to understand how individuals currently use or plan to use the PHNST in Loudoun County, as well as to gain ideas on potential areas of interest where the trail could extend, such as neighborhoods, parks, visitor attractions, and retail businesses.

## Meeting Details

### When?

Thursday, May 16th from 6:00 PM - 8:00 PM

### Where?

Lucketts Community Center in Lucketts, Virginia. A virtual option is also available through [Zoom registration](#).
